OSRAM Wins Golden Finger Award

23 December, 2015, Hong Kong- OSRAM Lighting Solutions won the fifth Golden Finger Award for its innovative contributions to the lighting industry and the company was titled as “excellent lighting solution provider” and sponsor of the Golden finger ceremony.

The award ceremony was held in Langham Place in Guangzhou on December 18th to 19th. Charles Han, Sales Director of P&S of OSRAM China Lighting Ltd, on behalf of OSRAM Lighting Solutions, addressed the tendency and feature of SSL lighting in the technical seminar and spoke at the opening ceremony. “Faced with severe challenges as well as great opportunities in Chinese lighting industry, continual self-break and innovation is the only option to keep forward. OSRAM will embrace the brand-new era and keep excellence and high efficiency to manage future challenges”, said Charles Han.

The Golden Finger Award was started by Chinese Lighting Network in 2011 and has forged a rounded selection system to reward advanced enterprises and individuals in lighting industry every year. Adhering to principles of fairness and openness, the Golden Finger Award provides apt examples to encourage innovative and high-quality lighting designs to promote the healthy development of lighting industries.

Charles, LS Sales Head of Greater China, addresses the tendency and feature of SSL lighting in the technical seminar and speaks at the opening ceremony.
