

SHOWCASE

22 North Bar - New York, USA

Located on Long Island, New York, the 22 North Bar is a stylish scene venue that amazes with its exquisite design and its legendary drinks. To emphasize the uniqueness of the bar, Traxon fitted the entire backdrop of the bar with its multifunctional Mirror panels. Combining the function of a regular mirror and a stunning lighting element, the panel turns into an unexpected lighting source by the simply touch of a button . A preprogrammed remote control enables 22 North Bar the generation of various lighting modes ranging from the plain display of single colorings to pulsating color changing lighting scenarios.
